The screenshot shows a Kahoot! game interface. At the top, there's a header with the Kahoot! logo and a game PIN: 874 8933. Below the header, a large purple banner says "Waiting for players...". The quiz progress bar shows "1 of 25" and "Quiz". The question is: "Wat is het correcte form element om tekstvak met meerdere lijnen in te voegen?". There are four options: a red box with a white triangle, a blue box with a white diamond, a yellow box with a white circle, and a green box with a white square. The red box is selected, and a score of 1 is shown above it. Below the question, there's a "Show media" button. At the bottom, there's a table of answers with their corresponding HTML code and status.

Option	HTML Code	Status
Red box with triangle	<code><input type="textare"></code>	✗
Blue box with diamond	<code><textarea></code>	✓
Yellow box with circle	<code><textbox></code>	✗
Green box with square	<code><input type="textbox"></code>	✗
